

WHAT IS THE DIFFERENCE BETWEEN THE GRACE WALK BOOK, GRACE WALK CONFERENCE AND THE GRACE WALK EXPERIENCE?

The **Grace Walk** book was the very first book that Steve McVey wrote. Several years later, he developed an eight hour conference (**The Grace Walk Conference**) based on the book **Grace Walk**. The teaching for the **Grace Walk Conference** is all contained in the video or audio teachings. There is a fill-in-the-blank student workbook that you can use in conjunction with the **Grace Walk Conference** teachings as you watch or listen to the conference material.

In February 2004, in an effort to provide materials for small groups and a more in-depth personal study, Steve McVey developed the **Grace Walk Experience** workbook. This workbook was taken from the material taught in the **Grace Walk Conference** and breaks this teaching into a daily study over a period of eight weeks. There is a DVD companion teaching that can be used in conjunction with the workbook which contains eight 30 minute teachings.

A frequently asked question is how do I determine which study to use in my small group.

This question can be answered by asking you... how does your group prefer to learn? Is it a group that would rather read a couple of chapters each week in a book (**Grace Walk**) then get together for discussion using the Grace Group Questions given in the book for each chapter? Is your group one that would rather watch a one hour video (**Grace Walk Conference**) each week and following along with a workbook? Or, does your group prefer to do independent daily study and meet together once each week to discuss what they have learned in their workbook? (**The Grace Walk Experience**)

While each of the resources mentioned above teaches the same material, each one of these resources stands alone and is independent from the other. As you can see, the difference between all three is the delivery method.

We suggest that if you want to use the **Grace Walk Conference** material AND the **Grace Walk Experience** study, that you first take your group through the conference, then reinforce what they have learned in the conference material by following up with **Grace Walk Experience** study. The **Grace Walk Experience** is an excellent tool in taking the student through a study that will help reinforce in a more personal application the truths they learned from the conference material or the **Grace Walk** book.
